EDUCATION

University of California, Santa Barbara

Santa Barbara, CA

B.S. in Psychological & Brain Sciences (Honors)

2022-2026

Minors: Philosophy (Cognitive Theory Focus); Media Arts & Design

- **Cumulative GPA:** 3.69/4.00 (5x Dean's Honors)
- **Relevant Coursework:** Advanced Research Methods, Statistics, Cognitive Psychology, Systems of Neuroscience
- **Honors Thesis:** "Techno on the Brain: Rhythmic Scaffolding and Visual Temporal Order Memory"

RESEARCH EXPERIENCE

Memory & Decision Making Lab, UC Santa Barbara

Santa Barbara, CA

Lead Honors Researcher (Advisor: Dr. Michael Miller)

2025-2026

- Designed and ran a within-subjects experiment (N = 59) testing whether synchronizing visual encoding to an auditory beat improves temporal-order memory across four auditory conditions.
- Analyzed accuracy in R with repeated-measures ANOVAs (Bonferroni-corrected) and linear mixed-effects models testing attentional control and musical sophistication as moderators.
- Wrote the first-author honors thesis reporting a null effect of rhythm on memory, consistent with recent registered-report findings on Dynamic Attending Theory.

Memory & Decision Making Lab, UC Santa Barbara

Santa Barbara, CA

Research Assistant

2024-2026

- Assisted a graduate researcher on a 64-channel EEG recognition-memory study: collected behavioral and EEG data, preprocessed in MATLAB and EEGLAB (filtering, ICA artifact rejection, epoching), and supported ERP analysis in R.
- Recruited and scheduled participants, ran consent and intake sessions, and maintained IRB protocol documentation and amendments.
- Trained incoming research assistants on data-collection protocols, presented literature reviews at weekly lab meetings, and maintained lab equipment and data.

Laboratory in Advanced Research Methods (PSY 120L), UC Santa Barbara

Santa Barbara, CA

Course Research Project

Fall 2025

- Designed and ran a 2x2 between-subjects study (N = 67) in Qualtrics testing whether environmental sound effects reduce false memory in the DRM paradigm.
- Analyzed results in SPSS with a factorial ANOVA and Pearson correlation; higher confidence was associated with more false memories ($p = .048$).
- Awarded Best Poster at the course colloquium.

LEADERSHIP & PROFESSIONAL EXPERIENCE

NOTARAVE Music Collective, UC Santa Barbara

Santa Barbara, CA

Co-founder

2025-2026

- Co-founded an electronic music collective that grew to 1,300+ Instagram followers and 10,000+ total event attendees.
- Booked local Santa Barbara artists and ran promotion for 15+ events with the UCSB Music Production Club (150+ members).

TEDxYouth, American Community School Beirut

Beirut, Lebanon

Event Production Lead

2021

- Led post-production and a 10-person video team that livestreamed and recorded a TEDx event for the TEDx Talks channel.

Industry Intelligence Inc.

Los Angeles, CA

Market Intelligence Analyst (Intern)

2019

- Organized large corporate-structure datasets and conducted competitive landscape analysis in Excel and SQL.

SKILLS & INTERESTS

- **Data & Tools:** R, Python, SPSS, SQL, Excel, MATLAB/EEGLAB, Qualtrics, MS Office (Word, PowerPoint)
- **Research & Statistics:** Experimental Design, Survey Design, Participant Recruitment, IRB Documentation, EEG Data Collection and Preprocessing, ANOVA, Linear Mixed-Effects Models
- **Music & Design:** Music Production and Sound Design (freelance since 2017), Ableton Live, FL Studio, Event Promotion; Adobe Creative Suite, Figma
- **Certifications:** Google UX Design Professional Certificate (2025)
- **Languages:** English (Native), Arabic (Native), French (Advanced), Spanish (Advanced)
- **Interests:** Music cognition, memory and attention, social connection in music scenes, techno and ambient DJing
